

## SUMMER VACATIONS ARE HERE

Dear Children,

You must be excited at being promoted a class higher, after the sweat and toil of the exams and the prospect of the long awaited summer break!

Summer break! It's the time to enjoy and learn while you have fun! To add to your fun, we have put together an exciting assignment that will ensure that your creative self is motivated and happily occupied.

This summer, our theme is Innovation. Keep your creative juices flowing. We also want you to do your bit for our planet. Class 3 students will work on 'Best Out of Waste' so that we conserve our scarce resources.

While working on this holiday assignment do keep a few points in mind:

1. We do not want anything fancy or outsourced. We would love to see 'your' work and appreciate your efforts. Of course! You can take the assistance of an adult, but it's your original work that will fetch you kudos from your teachers.
2. Try to use waste material to do your assignment as we want to see 'best out of waste'.
3. Use the unused side of used sheets or use leftover pages from your old note books.
4. Make a folder/ file using old newspapers/ shopping bags / waste paper.
5. Decorate your folder with pictures/colour / decorate/ paint to beautify your project. Make it attractive, but use only waste materials.
6. Divide your folder in sections, subject-wise.
7. Neat handwriting is an asset so practise writing a page in neat handwriting every day.

# ENGLISH

Children, here are some interesting activities to keep you constructively occupied during your holidays. Do any two activities that interest you.

1. Dictionary cum Pictionary!
  - a. Go through any English dictionary ( you can use your parents help too)
  - b. Using the letters A to Z, find out fifteen words related to the topics **Reduce, Reuse, Recycle and Recover.**
  - c. Make a scrap book and paste colourful pictures related to the above topics.
2. Search the internet to look for a short poem on the topic REDUCE, REUSE , RECYCLE & RECOVER. Memorise the poem to be tested for oral/communication skill test in class.
3. REUSE chocolate boxes and RECYCLE candy wrappers to decorate and design your holiday home work's coverpage.

# MATHS

## MAGICAL NUMBERS

Numbers are great, Numbers are fun

They are everywhere, Under the Sun

Learn them and You'll become Number One

Dear children, have fun with numbers this vacation.

Find out the birth year of all your family members(6 in all) e.g.: Yours is 2009. Cut out these numbers in bold from calendars, newspaper, magazines, or even wrappers, and stick them on A4 sheets. Stick a picture of your family member next to their birth year.

1. Write the Place Value, Face Value of these numbers.
2. Arrange them in ascending and descending order
3. Write their number names.

Compile and depict them in an interesting and innovative way.

Have fun as you learn.....

## GEOMETROCITY

Summer vacation is the best

Time for fun, play and rest

Work a little, do not haste

Let's create something

That's "Best out of Waste"

# EVS

This summer break we have designed some creative homework for you. Select any two out of the five activities given below and start working on them at the earliest!

1. Find out the tourist place in India which is known for 'BEST OUT OF WASTE'.

Paste pictures and write about it.

2. Innovate and make a small garden of your own, using waste materials like plastic bottles, cans, pencil shavings etc. Make it on half a cardboard or in a pot or small bowl, decorate it and bring it to school.

3. Time to go for some sightseeing....Visit PRAKRITI PARK in Delhi which is made of waste material from the Metro construction. Take your pics and write about it.

4. Waste management starts from home.... Think about it and write a few innovative ways in which you can use or recycle waste water from your homes for making our planet a better place to live.

5. Time for some net surfing.

Find out a few ways in which our government and people are creating wonderful things from waste materials.(e.g. Waste plastic is being used to make roads in Jamshedpur).

# HINDI

बच्चों गरमियों की छुट्टियों में मस्ती के साथ साथ कुछ नया सीखें।

तो चलो कुछ मजेदार करें।

जैसा कि आप सभी व्याकरण में आए लिंग, वचन और विलोम शब्दों

से अच्छी तरह परिचित हैं तो आप.....

1. घर में पड़ी अनुपयोगी वस्तुएँ जैसे straw, ice cream sticks, socks, cotton, paper आदि का प्रयोग करते हुए ऊपर लिखे किसी एक विषय (लिंग, वचन और विलोम शब्दों ) को लेकर उसके किन्हीं तीन जोड़ों पर अपनी रचनात्मक क्षमता के अनुसार कुछ आकृतियाँ [ very small models , puppets] आदि बनाइए।

[जैसे लिंग राजा रानी, चूहा चुहिया  
वचन मिठाई मिठाइयाँ, नदी नदियाँ  
विलोम ऊपर नीचे, बड़ा छोटा ]

2. चुने हुए किसी भी एक विषय ( लिंग, वचन और विलोम शब्दों ) का प्रयोग करते हुए कोई एक स्वरचित कविता या कहानी लिखिए।
